

Know Your Water Quality

2017 City of Boulder Water Quality Report

The City of Boulder 2017 Drinking Water Quality Report summarizes water quality testing results from the 2016 calendar year. Digital copies of this report can be found by visiting bouldercolorado.gov/water/water-report.

Federal regulations require that this report be distributed to all City of Boulder water customers. The city no longer mails printed copies of the report to all customers, but if you wish to request a printed copy or if you have any questions about this report, please contact the Drinking Water Program at 303-413-7400 or via inquireboulder.com.

Printed on 100% post-consumer recycled content paper
