

2018 City of Boulder

Water Quality Report

Know Your Water Quality

The City of Boulder 2018 Drinking Water Quality Report summarizes water quality testing results from the 2017 calendar year.

Federal regulations require that this report be distributed to all City of Boulder water customers. The city no longer mails printed copies of the report to all customers, but if you wish to request a printed copy or if you have any questions about this report, please contact the Drinking Water Program at 303-413-7400 or via InquireBoulder.com.

Digital copies of this report can be found by visiting bouldercolorado.gov/water/water-report.

Printed on 100% recycled paper
