

Did You Know?

Recent studies indicate that medications flushed down the toilet or drain may be having an adverse impact on streams, the environment, fish and aquatic life. Your local wastewater treatment plant cannot remove many of these compounds, so they are released into our streams.

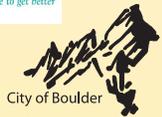

Pharmaceutical Drop-off Day

Bring expired, excess or unwanted medications for proper disposal.

**Saturday, Sept. 24, 2011
8 a.m. to 1 p.m.**

Boulder Community Foothills Hospital
4747 Arapahoe Ave., Boulder

To learn more, visit boulderwater.net, pacepartners.com or call 303-413-7350.

Wondering what else to do with expired or unused medications?

- Only purchase what you need.
- Never flush medications down a drain or toilet.
- Ask your pharmacist if you can return unused medications.

Keep it clean
